

REGIONAL SUPPORTERS DIRECTORY

The following table gives you the names of our regional supporters, along with their child's age, their email address, the regions they cover, and the number of families in each region.

As well as the details above we have also included details of the supporter's child's conditions. This is because you may need direct support, advice or help from someone with the same condition as your own child. Please feel free to contact any of them if this is the case.

All of our regional supporters are volunteers, and are either parents, grandparents or siblings of the macs child, or indeed a grown up MACS child themselves. All have offered their help as they want to give something back to MACS, and to offer support to others who are in the same position as themselves.

Some regions are lucky in that they have more than one supporter! Unfortunately we still have some counties/regions with no supporter. We are hopeful that we will get volunteers for these regions soon. If you are interested in details about becoming a regional supporter we would love to hear from you!

Please contact tina@macs.org.uk for information about this, or about anything relating to regional support or events.

Regions Covered	FirstName	LastName	Condition1	Email
Bedfordshire, Buckinghamshire & Hertfordshire	Melissa	Sharpe	Daughter - Anophthalmia Left side	melsharpe@macs.org.uk
